

# Stock Outboard Competition Marine Engine Compliance Agreement Yamato Outboard Motor

I agree to comply with United States Environmental Protection Agency (US EPA) regulations at 40 CFR 91.704(e), and to use this Yamato outboard motor of the 300 Model Series, Serial # \_\_\_\_\_, only as a competition marine engine for participation in racing and other competition events.

I certify that I am a racing member of the American Power Boat Association.

I agree to comply with the following items for as long as I am the owner of this Yamato outboard motor:

1. If I sell this motor, I will sell it only to a party who will agree to comply with all US EPA regulations applicable to this competition marine engine by using it only as a competition marine engine for participation in racing and other competition events.
2. If the motor is stolen, lost or destroyed, I will notify Stock Outboard of this event. Should the motor be recovered, I agree to re-register the motor with Stock Outboard.

I understand that should I fail to comply with all applicable US EPA requirements and use this motor for any non-competition purposes, I may face penalties from the US EPA.
